as you can tell, I've pretty much given up on editing the graphics (So much so that I didn't even separate this page from the last page in the chapter XP)

3 more chapters to translate, then I can upload the rest of this manga in one breath :)

Whoever wants to upload a better quality scanlation of some Return chapters, or translate and upload chapters 23 and 25 for me, go ahead,
I own nothing :p

Have a nice day/night ;)
